

"EXPERIENCE OULU, FINLAND"

BY MS HANNA SAARELA

DEVELOPMENT MANAGER, UNIVERSITY OF OULU,
CENTRE FOR WIRELESS COMMUNICATIONS, OULU, FINLAND.

Date: Tuesday, 19th December 2017

Time: 13:30 – 14:30 hour

Venue: Room CS106, CSIM bldg.

Oulu, Finland with an inspiring academic atmosphere and strong ICT ecosystem is the ideal location for pursuing Master's and Doctoral studies in Europe.

Get a glimpse of the study options in wireless communications, life of an active international community, changing seasons, large variety of leisure activities and benefits for families, among others, with the introduction by Ms. Hanna Saarela, Development Manager at the Centre for Wireless Communications (CWC), University of Oulu, Finland. With the launch of the novel international Double Degree Master's Programme in Wireless Communications Engineering in 2018, students will graduate with two diplomas - one from AIT and one from the University of Oulu. The presentation and discussions are open for all and given in a Finnish seasonal setting. There is also a lottery to celebrate Finland's 100th anniversary of independence and Christmas. Welcome!
