

Profile

Dr Malay R Dave

JIS Group

Kolkata, India

Dr Malay R Dave graduated from IIT, Kanpur and did Doctorate in Environmental Engineering from Glasgow, UK under British Commonwealth Scholarship. His contribution in the field of environment & sustainable development was recognised internationally by the Rockefeller Foundation, New York when he was awarded as Fellow to their Leadership for Environment & Development (LEAD) programme.

Dr Dave has worked for corporate sector for more than 15 years before taking up the assignment of creating Faculty of Engineering & Technology at a University in the Fiji Islands. Dr Dave has extensive experience of teaching in Flip mode in the South Pacific. Once back in India in 2015, he has for the first time in India introduced Flip learning at JIS Group. Now, the World Bank & AICTE has joined hands with JIS Group for structuring National Framework for Flip Learning for India.
