

# AIT-TIGER LEONG INTERNATIONAL INNOVATION & LEADERSHIP CAMP

*Inspiring Innovative Leaders of the Future*

Asian Institute of Technology

January 2017 | Thailand

**AIT**  
Asian Institute of Technology

## Do you have what it takes to become a future leader?

It could be your contributions in the future that plays a role in solving some of the challenges being faced today. You could be amongst the leaders of tomorrow.

So what are these challenges and issues? What are some of the innovative ways to tackle them? How does your chosen field of study contribute towards the betterment of society?

**If you are curious to learn and explore, then come and join the AIT-Tiger Leong International Innovation and Leadership Camp where you will be exposed to the skills and knowledge required for you to become future leaders by learning to address head on real challenges and problems of our world. By taking part, you are placing yourself in the position to influence change and help shape the future.**

## WHAT IS THE AIT-TIGER LEONG INTERNATIONAL INNOVATION CAMP?

The AIT-Tiger Leong International Innovation Camp will be held at the world renowned AIT campus in Bangkok, Thailand for a period of two weeks in January 2017 for selected bright undergraduate students from top universities around the Asia. The camp will be conducted with a special emphasis on innovation. After successful completion, all participating students will produce an innovative idea concept note and will be provided with the Certificate of Recognition signed by AIT.

## WHY ATTEND THE CAMP?

It will provide exposure to gain theoretical and practical knowledge about innovative approaches in various sectors through experienced faculty members, laboratory facilities and field visits

It will provide an opportunity for cross cultural exchange and leadership by conducting cross cultural group works, presentations, debates

It will provide knowledge, build awareness, enhance problem solving skills and learn about the current issues and challenges both within the regional and global context

The camp will be fun, interactive, exciting, dynamic and challenging at the same time

It will help inspire and motivate students in choosing the right field of study to pursue higher education and plan future career paths

## When will the camp be held?

The camp will be held for two weeks from 16-27 January 2017.

**JANUARY 2017**

Mon	Tue	Wed	Thu	Fri	Sat	Sun
						1
2	3	4	5	6	7	8
9	10	11	12	13	14	15
16	17	18	19	20	21	22
23	24	25	26	27	28	29
30	31					

## What are the activities planned for the Camp?

The camp will be highly interactive in nature and will be conducted through classroom sessions, laboratory work, field visits, forums/workshops, fun group work activities, seminars and presentations and interactions with invited speakers.

## WEEK 1 FOCUS

Week 1 will enable participants to learn about what each field of study has to offer along with the various career prospects and industry trends.

Introduction and overview of the different fields of study i.e. Management, Engineering and Development

Career prospects according to field of study

Educational site visits

Fun group work activities to solve challenging problems

Industry trends and current challenges

Laboratory visits

## WEEK 2 FOCUS

The second week will focus on inter-disciplinary topics where students will learn about key issues and challenges in today's world which requires the strength of multiple fields of studies to tackle them.

Interaction with invited speakers and key experts from the Industry

Seminar and workshops on current ongoing issues

Innovative approaches to tackle current problems/ challenges/issues

Brainstorming sessions

Leadership training

## WHO CAN APPLY?

- The camp is open for students who are currently in their third year of undergraduate studies
- Students wishing to apply for the camp must have a score of a minimum of 3.5 GPA to be eligible for application
- All students chosen will be based on merit i.e. current GPA and submitted essays which will be evaluated and judged
- Students must possess a valid passport which allows them to visit Thailand
- Students must demonstrate fluency in English

## HOW TO APPLY?

Interested students are requested to apply for the Camp by visiting the the following website:

[www.innov-camp.solutions.ait.asia/apply.html](http://www.innov-camp.solutions.ait.asia/apply.html)

**The camp will be sponsored with expenses paid that include accommodation, food, and daily allowance. Expenses related to flight tickets may also be provided on special request and on a case to case basis.**

## ASIAN INSTITUTE OF TECHNOLOGY (AIT)

The Asian Institute of Technology (AIT) promotes technological advancement and sustainable development in the Asia-Pacific region through its four key strengths- academic programs, research, professional education, and integrated solutions.

Since 1959, AIT has carried out its mission *“to develop highly qualified and committed professionals who play leading roles in the region’s sustainable development and in its integration with the global economy”* through higher learning, research, capacity building, and outreach.

AIT has led the advancement of science and technology in the region. The Institute maintains close relationships with partners in both public and private sectors, specifically industries and top universities.
